

WATER AT ASHBYBURG

Continues To Cause Trouble.
Smallpox Breaks Out. 600
Refugees Quarantined

TION BY GOVERNOR LOOKED FOR

Ashbyburg, Ky., Jan. 22.—A case of smallpox was discovered today among the 600 flood refugees quartered in tents and any and all sorts of buildings on the ground here. Many who took alarm at the appearance of the disease fled to Calhoun in boats but were not allowed to land and were directed to return here. Lieutenant Carl Norman of the adjutant general's office arrived here this afternoon to take charge of the situation. It is thought likely that the entire camp of 600 people will be put under quarantine.

Dr. H. W. Gates, health officer of McLean county, investigated conditions at the mound today and isolated the man who was broken out with smallpox. The health officer of Hopkins county is now on his way here from Madisonville and will take charge of the quarantine regulations as Ashbyburg is in Hopkins county.

Provisions furnished by the county were sent here today from Madisonville by boat. There is enough food for the people, but there is no provender for some 1,500 head of stock and the horses, mules and cattle will likely die of starvation because for miles around there is neither hay nor corn left unscathed by the flood.

If more cases of smallpox develop the state will have to make a temporary hospital on the mound, furnish it complete and also provide food for all those under quarantine. Action by Governor McCreary is looked for tomorrow.

'MOVIES' BRING SOBRIETY

Council Proctor Declares Film Shows Are
Taking The Place Of Carousals
By Students

New York.—Moving pictures are helping to keep Cornell students sober, according to the report of Theodore Twiston, a proctor at the university. Evenings now are spent at the 'movies,' he says, which formerly were taken up more generally by carousals. Mr. Twiston also reported that undergraduates no longer are allowing a false college spirit to overcome their good sense, and realize that an intoxicated student is a disgrace to the university.

Will Return To His Old Home.

George W. Bates, Assistant Cashier of the Peoples Bank will leave tomorrow for his old home, Lebanon Tennessee to make it his future home. Mr. Bates has been with us three years and has endeared himself to all that have had the pleasure of meeting him and we regret to lose him. He will continue the practice of Law in his home town. We have nothing but the highest praise for him and say to his old friends that he returns to, that he has made a model citizen and if they have any more like him there they can afford to spare to send them to Earlington we will receive them with open arms. May success attend his slightest efforts is the wish of his Earlington friends.

Warren Atkinson Dead

Warren Atkinson brother of Geo. C. Atkinson and the late John B. Atkinson died at his winter home at Brandtown Florida of heart trouble. He had been in the south for several months with his family he was 50 years old and leaves a wife and six children four daughters and two sons Mr. Atkinson has been in this city several times and has many warm friends who regret to learn of his death. Mr. George Atkinson and wife left for that place last week and were with him and his family in his last hours. P. M. Moore F. D. Bash and Mrs. N. G. Alford left last night for Florida. They will take his remains to his old home at Mulliea Hill New Jersey for burial. He was the youngest brother of the Atkinson family.

Watering The Desert

What became of "The Great American Desert" will never be known until the facts of irrigation get into the mind of the inquirer. But the one fact that the length of the ditches carrying water to the thirsty lands in the arid regions of the United States is enough to reach five times around the earth on the lines of the equator will be enough to prove the mastery which man has slowly acquired over the land where it seldom rains. The area under irrigation in 1910 was 19,334,000 acres, while the area included in all projects completed or in process of development was 31,111,000 acres. The cost of watering the desert was \$307,866,369, or about one-third more than the value of minerals taken from Alaska in the past 32 years. There's a paying gold in the desert waters if not in the salt seas. —Wall Street Journal.

RESPONSIBLE FOR THE REVOLUTION

Missionaries Stir Foreigners To Action
By Their Doctrines

Chicago, January 22.—Dr. Arthur J. Brown, Secretary of the Presbyterian Board of Foreign Missions, speaking before the weekly meeting of Presbyterian ministers, declared foreign missionaries were responsible for the revolution in China, which led to the founding of a republic. Dr. Brown said Dr. Sun Yat Sen had confessed to him that he figured in bringing about the revolution because he had the benefit of missionary training from his youth.

"The real truth is," said Dr. Brown, "that the revolution was caused by the missionaries spreading the doctrine of the rights of men. The whole human race is in an era of upheaval. A new spirit is abroad in the world. That is what is now appearing in China. They have been slow because they have been isolated. The leaders of the revolution were all Christians, and had learned from missionaries or had studied in Christian lands."

25,000 Regular Troops To Guard Panama Canal

Col. Goethals' estimate that 25,000 regular troops will be necessary to guard the Panama Canal property is unattractive in many particulars says the Nashville Banner, but it has its attractive side, too. No doubt he is correct in his estimate that that number of men will be needed, but, leaving the question of necessity aside, the agreeable fact remains that there will be 25,000 men along the canal in a most strategic position. If trouble came with Mexico—as it is almost certain to come sooner or later—or with any of the Central American countries—which is always probable—the usefulness of the 25,000 men at Panama would greatly exceed the mere guarding of the canal. The United States has never yet had 25,000 men constantly mobilized in time of peace.

McLEOD STORE SENDS AID

To High Water Bound Sufferers At Ashbyburg

The management and clerks of the McLeod Store of Madisonville sent a wagon load of feed stuff to the flood sufferers at Ashbyburg, Tuesday. For several days a number of Ashbyburg people have been refugeeing on a hill on account of the exceedingly high water in the Green River. On account of not being able to get to their homes for food and supplies much inconvenience and suffering was being experienced. When this fact became known the enterprising management of the McLeod store and their clerks made up a wagon load of groceries and other necessities and generously sent it to the relief of the flood sufferers.

Ladies Aid Holds Meeting

The Ladies Aid of the Methodist Church met with Mrs. Chas. Webb Tuesday afternoon and elected officers. The following were elected: Mrs. Chas. Webb, President; Mrs. Ernest Newton, 1st Vice President; Mrs. Robert Brown, 2nd Vice President and Mrs. Jack Martin, Secretary and Treasurer. Suitable refreshments were served and an interesting meeting held. The Ladies Aid is in a flourishing condition and expect to do a great work this year. They are now making preparations to hold a bazaar in the near future.

Proctor Ashby Announces For Sheriff

To the Democratic Voters of Hopkins County:

I hereby make my announcement as a candidate for the democratic nomination for Sheriff, subject to the action of the party at the primary to be held August 2, 1913.

In announcing for this office I do so believing I know well its duties, difficulties and responsibilities. I have been for a number of years a deputy sheriff, bearing its hardships and its burdens. Yet in all these years I have never shirked a duty, whether fraught with danger or filled with pleasure. These years of service have prepared me to discharge the duties of the office in a manner I could not do were I unfamiliar with its work.

I believe a public office is a public trust and an officer should be a servant of the people, and if elected I promise to give to all a fair and square deal, rendering unto each one that which is his, saving for my state, county and people whenever I can and lessen as much as I can their burdens. I shall have an absolute rule of honesty, fairness and courtesy for myself and those connected with me. I shall apply business principles in the conduct of the office. I am seeking this office on my merits and my work in the past and not on the record of my ancestors, nor on the demerits, if they have any, of my opponents.

I want your support. If you will elect me and if the faithful performance of my duties is any reward you shall have it. I ask you as taxpayers and voters to examine my record and if I have been faithful in my work then reward me by calling me higher. I have born the heat, the cold, the hardships and the burdens; I believe I am qualified—shall I have the reward? Believing you will aid me I beg to remain,

Yours truly,
PROCTOR ASHBY.
